

Myrtle Beach Tea Party, Inc. Town Hall Meeting

We are everyday Americans who are concerned about the direction that our country has been headed for the last few years. We are tired of politicians who don't read the bills they sign, tired of big government growth, and tired of reckless government spending. We stand united against the inevitable taxes to pay for it all because we do not want our children and our grandchildren to pay the bills for what our 'non-representing representatives' are doing today.

Thank you for attending our event. Our mission is to educate, inspire, and empower. **Please help us** by completing the following items:
